TAX AND TARIFF REVISION IS URGED

Republicans To Rush Hearing to Meet Harding's Wishes

BIG LEVY IS URGED

Treasury Head Recommends Higher Taxes On Incomes Under $5,000—Ready For Extra Session

Washington, Dec. 9.—Preparations for sweeping revision in the internal revenue and tariff laws will be inaugurated in the current session of Congress by the Republican majority in compliance with the wish of President-elect Warren G. Harding.

The preliminary work will be done between now and March 4, and the results submitted to the special session which Mr. Harding will call after he takes office, which can proceed without delay to revising the nation's taxation and tariff systems.

Hearings on internal revenue revision will begin immediately before the Ways and Means Committee, it was announced by Representative Joseph W. Gordney, of Michigan, chairman, following a conference of majority members of the committee. The hearings will continue until the holiday recess.

On the tariff, hearings will be begun January 6, and will continue until within two or three weeks of the expiration of the present session.

These announcements shared interest in congressional circles with the annual report of Secretary of the Treasury Houston which was pre-

Inspection Tonight

Members of Canton I. O. O. F., to be Inspected by Col. Groome

The annual inspection of the members of Canton Alexandria No. 1, Odd Fellows, will take place tonight in Odd Fellows' Hall and will be made by Col. Frederick Groome and staff of officers of Baltimore. It is expected that more than forty members will be in line for inspection.

Immediately following the inspection a supper will be served at that hall by the Ladies' Auxiliary of the Canton.

BILL PROHIBITS DRINKING ABROAD

Ambassadors and other American diplomatic representatives in foreign countries are prohibited from even attending a function where liquors are served, under the terms of a bill introduced in the House by Representative Upshaw, Democrat, of Georgia, yesterday.

The proposed measure makes the Volstead law applicable to all American citizens abroad and carries a section specifically applying to diplomatic officers. Mr. Upshaw says it is indorsed by the Anti-Saloon League, the World, Anti-Alcohol Congress, and every other temperance organization in America.

"These forces," he continued," "intend to see that citizens of the United States do not debauch the citizens of other countries that want to be free. There has been an exodus of brewers, distillers and saloonkeepers from this country to other lands since national prohibition became effective here.

"The Chinese in particular have protested against their operations there. Legislation of this character has been strongly urged by these nations. It applies, however, to all countries where there are no treaty conflicts."

A large number of Chinese students attending colleges and universities in this country will attend the hearings on the bill and make appeals for its passage, Mr. Upshaw added.

Heavy penalties are provided for violation, and enforcement of the act is vested in consular and judicial officers in foreign countries.

APE'S GLAND RENEWS LIFE OF IDIOT GIRL

Chicago, Dec. 9.—The thyroid gland of a monkey was transplanted successfully today to the body of Mary Kowlizski, 19 year old girl, who was hidden in a cellar for 17 years. Physicians hope the gland will aid the girl to recover her mental and physical growth, dwarfed by the long years in a dark cellar.

The operation at the American Hospital took nearly an hour. Leaders in the medical profession of the city stood by and watched as the white garbed surgeons and nurses worked swiftly around the operating table.

Drs. Bernard Klein and Max Shouk who performed the operation, announced the surgery a success. They were confident that the gland would have the desired effect of strengthening the girl, physically and mentally.

The monkey from which the gland was obtained will live and will be closely watched for developments.

The operation, according to Dr. Sigmund Krumholz, specialist in nerology, will start Mary, who he says, has the mind of a 6 months-old baby, "on her way to live."

Crouched in a chair at the American Hospital before the operation, Mary a mere mass of bones and skin, stared vacantly. Her weight is exactly 36 pounds, and according to Krumholz, she is incapable of thinking, speaking and walking.

"All she can do is to sleep and eat," he said.

Mary, according to Krumholz was found in the cellar of her mother's home at Joliet, Ill., last September by health officials. She was covered with vermin, and, according to officers who questioned Mrs. John Zundke the mother, she had been there for 17 years.

Krumholz with Doctors Max Thorek and Bernard Klein became interested and volunteered to make an effort to bring the girl back to her normal condition.

She was placed in an observation ward where Krumholz, an expert in mind studying watched her. After two months' care, it was decided to transplant a monkey's gland.

She has learned to do one thing—laugh.

"The only thing she shows interest in are the trees which stand just outside her window."

TIES FLAG TO DOG'S TAIL

Boston, Dec. 9.—The display for sale of a toy dog with a miniature American flag attached to its tail brought S. Ishikawa into the municipal court today. Mrs. Ralph M. Kirtland, president of the Women's Civic League of Malden and a member of the Daughters of the Revolution, complained that it was shown at Ishikawa's novelty shop in the Back Bay.

The merchant admitted the fact; said that the toy was one of a lot imported several days ago from Japan, and pleaded that there was no intention to show disrespect for the Stars and Stripes.

He was fined $10, with an admonition to take from his stock any other offending articles.

YANKEE SOLDIERS QUICK TO CAPTURE FRAULEIN HEARTS

Coblenz, Dec 9.—Coblenz has become a typical American city. This bit of the United States transplanted in Germany seems like home.

Although the soldiers speak enough German to carry on a conversation, the inhabitants are quick to learn English. The men in uniform contend the quickest way to learn German is to spend time in company of the fraulein, who proves a far from unwilling teacher. An average of about sixty a month accept a life contract and accompany their husbands back to the United States.

German suitors are unsuccessful. Soldiers are much preferred as sweet hearts and husbands by the daughters, and approved by the mothers, because they buy silk dresses and furs, making the girls look more like Americans. The mothers say they make better husbands, treating their wives as equals instead of beasts of burden.

The streets of Coblenz are crowded with all kinds and shapes of American automobiles. No trucks speed through the narrow, winding streets of the old city. American-trained members of the city police force stand on all corners and direct traffic.

Approximately 3,000 German civilians are employed in the army departments and by welfare organizations to do rough work. The wages though they do not exceed $1 a day at the present exchange, are higher than they can receive elsewhere.

One of the most striking features of the entire situation is the absence of friction between the occupation forces and the inhabitants.

The Germans do not object to the use of the former Kaiser's festhall as an amusement center by the Y. M. C. A., but regard as a sacrilege the prizefights, which they consider too brutal.

Million Dollar Concern

Corporation Commission Grants Charter to Wash. Tire and Rubber Corp. Forbes Co., Chartered

With a maximum capital stock of one million dollars and a minimum of $1,000 the state corporation commission has granted a charter to the Washington Tire and Rubber Corporation, inc., this city. The purposes of the corporation are to manufacture tires, casings and inner tubes for automobiles and motor vehicles.

The officers are Frank S. Flynn, president George W. Flynn, vice president; E. Carmen Hart, secretary and treasurer, all of Washington.

A charter also has been granted by the commission to the Forbes Milling Company, inc., this city, with a maximum capital stock of $100,000 and a minimum of $30,000. Purposes are to conduct a milling business. The officers are Harlan B. Forbes, president; L. A. Popkins, vice president; S. Dexter Forbes, secretary and treasurer.

The foregoing officers with V. C. Donaldson, Harry Javins, George C. Stuart and J. W. Kerns, all of whom are of Alexandria, except Mr. Kerns who is of Falls Church, constitute the board of directors.

The commission has granted a certificate of amendment to the charter of the Cold Spring Mining Company increasing its capital stock to $200,000 and making the minimum $50,000.

Auto Bureau of Chamber of Commerce Asks Police To Act

SNARE FOR MOTORISTS

Committees Named to Look After Conditions of Union Street—Parking Cars on Alfred Street

A meeting of the automobile bureau of the Alexandria Chamber of Commerce was held last night, and considerable business was transacted.

The secretary was requested to call the attention to the police department of the driving of machines and trucks by children under the age limit as set forth in the traffic laws of the city.

Report was made that three disks had been purchased and presented to the city to be placed at the principal intersections.

It was decided to subscribe for a publication entitled "The Motor Theft Review." This publication gives accounts of automobiles stolen, their numbers, etc., and with much information of interest to motorists. This publication to be kept at the office for the information of members.

It was decided that the bureau should get road maps covering every route leading out of Alexandria, and it is expected that a supply will be obtained within the next few days.

Warning was given that if anyone was motoring on the military road at the experimental farm they would do well to look out for a Ford automobile or a motorcycle and not to try and overtake them as it was favorite custom for them to operate a Ford or a motorcycle exactly at the speed limit and if you tried to pass them you were taken in custody for violating the speed laws, in other words, it was a trap.

Attention was called to large piles of dirt that were in Russell Road beyond Mt. Ida and that no lights were displayed on them at night, that motorists should be on the outlook for them as they were considered dangerous.

The following committee was appointed to look after the condition of Union Street: Claude W. Fletcher, J. H. Trimyer and Capt. Geo. H. Evans.

It was decided to obtain a supply of "Motor Car Laws as now written," which is issued by the Touring Board of the American Automobile Association and which contains a synopsis of the motor laws of every state in the union.

The following committee was appointed to look after the matter of parking of machines on Alfred, Columbus and Royal street, between King and Prince streets: M. L. Dinwiddie, Chas. T. Hellmuth, K. W. Ogden and C. E. Cox.

The following committee was appointed to see the Railway officials regarding dangerous corners at Fairfax and Prince and Fairfax and King streets: W. C. Jester, Capt. Geo. H. Evans.

The meetings of this bureau are particularly interesting and are being well attended.

BOY BELIEVED STOLEN FOR CHILDLESS RICH MAN

New York Dec. 9.—About to enter the school building at Bethpage, L. I., 7 year old James Giammnare was wisked into a limousine by two well dressed men. Frances, his sister of 9, became hysterical when she saw the car dash away with her brother and two hours passed before she could give a coherent story to authorities. The car had been standing in front of the building for some time.

Assistant District Attorney Edwards, who visited the scene shortly after the kidnapping, expressed the theory that the child was kidnapped for some wealthy childless couple.

WILSON REFUSES BID OF LEAGUE

U. S. Not Member, Has No Voice He Says

SYMPATHY WITH MOVE

Transmits His Suggestions For The Boundaries of Armenia—Feels Himself Barred

Washington, Dec. 9.—The United States, not being a member of the League of Nations, cannot participate in the deliberations of the League Council or of any commission acting under the Council. President Wilson has decided in declining the Council's invitation to appoint American representatives to sit on the Council's commission on the reduction of armaments.

The President's declaration was embodied in a communication sent yesterday by Acting Secretary of State Davis to Paul Hymans, president of the League Council.

Sympathy, however, was expressed by the President "with any sincere effort to evolve a constructive plan for disarmament which is necessary for the economic rehabilitation, peace and stability of the world."

The communication sent to M. Hymans, follow:

"The Government of the United States is most sympathetic with any sincere effort to evolve a constructive plan for disarmament which is so necessary for the economic rehabilitation, peace and stability of the world. The President of the United States is deeply interested in this question and is most desirous of co-operation to this end, but as the Government of the United States is not a member of the League he does not feel justified in appointing a commission to take even a de facto participation in the deliberations of the Council or of the commission acting on behalf of the Council in the execution of provisions in the covenant of the League of Nations."

The President has completed his recommendations with regard to the boundaries of Armenia and has forwarded them to the League of Nations in session at Geneva, it was said yesterday at the State Department. The recommendations were not made public.

As to the question of mediation, it is understood that the President will take no further steps until he receives added instructions from the League Council as to the method of procedure.

THIRSTY SAILORS BREAK COMPASSES FOR ALCOHOL

Washington, Dec. 9.—While the albatross was the particular bane of the "ancient mariner," a new "bird" explained of by naval investigators is the species which breaks naval compasses to imbibe the alcohol supply in which part of the instrument floats.

Repairs to such damaged instruments have been necessary since July 1, 1919 in ever increasing numbers, according to Rear Admiral J. A. Hoogewerff, superintendent of the Naval Observatory, in his report to Secretary Daniels made public yesterday.

UNEMPLOYMENT EXAGGERATED

The present period of business depression is unlike any other in recent American history. There is found the surprising paradox of widespread industrial depression without any serious or general unemployment.

This statement might be questioned if it were not vouched for by so responsible a body as the National Industrial Conference Board. Once the situation is pointed out the facts are easily corroborated and the apparent contradiction is easily explained.

For one thing the depression seems greater than it is because it represents a slump from so high a level of production. American industry for the last few years has been abnormally active. There has been a period of "super-production." The present level is impressive chiefly because it is so much below the production peak. It may be doubted whether it is much, or at all below the average over our years.

Then there is the question of labor. Unemployment has been greatly exaggerated. A careful review shows that there have been comparatively few shut downs, and these not for any great length of time. There is short time in some industries, evidenced by fewer hours' work a day or fewer days a week. Neither of these tendencies is very important or alarming, at least so far as concerns labor itself. Most of the workmen laid off find prompt employment in other industries. As the Industrial Conference Board reports:

"The labor that has been released has for the most part drifted back to the less attractive employments from which it was drawn to the high wage, intensively operating industries, and is not always unemployed even when so reported. In some districts the back-drift has not as yet been sufficient to make up the loss due to the war time migration to industrial centers. In these sections an acute shortage of labor is reported.

In the majorities of industries curtailment of production has done little more than cut off the overtime which was characteristic of the war years and one of the chief causes of high production costs. There is no indication that conditions are destined to grow much worse.

SPORTS

Watch Alexandria football fans pour into Washington next Sunday and make quick time of it to Union League Park to see their Dreadnaughts in action against the Rex A. C. District Champions.

This game Sunday will be the second annual meeting of its kind between both clubs, and always bring out good crowds of fans from both cities who like to see a good game.

Not since the days of the old Cardinal A. C. has there been such a interest shown as there is now in this Dreadnaught A. C. Their teams playing the three major sports, football, baseball and basketball have made enviable records since the clubs organization last February.

Billy Crouch, Davidson College's great center of 1914-15-16, has been driving the Big D squad through hard practice in the armory this week. The team under his coaching last season gave Rex a real battle, losing by 3 to 0 when Harry Harris used his educated toe to perfection on the snow covered gridiron, kicking a placement goal in the second quarter for the only score of the game, after the Big D had driven the Rex team back under their own goal line twice to lose the ball on fumbles. Anyone who thinks that there will not be a real battle out at 15th and H Street, northeast, Sunday, is going to be fooled. One of the main attractions will be Summers, brother of the V. M. I. All-South Atlantic tackle, the young man weighs 335 pounds, and has been rated as the largest football player in the country, he will play guard and can handle every pound of his weight, being a monster of strength in the front line of the Dreadnaughts.

MATRON THREW CAUSTIC

Appears Against Her in London Court—Denies Attentions of Woman's Husband

London, Dec. 9.—Miss Bessie Clifford, the American dancer, appeared as complainant against Mrs. Hettie Kinsler in a police court yesterday. The American actress declared that she was dining in the Carlton Grill when Mrs. Kinsler approached in the most threatening manner, crying:

"I'll have your life." She drew a bottle from her pocket and threw its contents over me," said Miss Clifford with emotion. "The horrid stuff burned my dress. This lady has the idea that her husband is paying me too much attention. That is perfectly absurd. I would not permit it, as every one knows who knows me."

Miss Clifford said further that when she was leaving her home, not long ago, she encountered Mrs. Kinsler.

"She behaved in a way that caused every one to stop and look at me, which of course was extremely objectionable to me."

MRS. HARDING TO SHOP IN NEW YORK FOR WARDROBE

Marion, Ohio, Dec. 9.—One woman shopper from Marion, Ohio, who knows what she wants and won't take anything less will soon have New York modistes jumping over counters displaying their goods with great eagerness. Mrs. Warren G. Harding, next first lady of the land, is going to the "city" to buy her White House clothes.

Mrs. Harding hasn't declared just what she will buy but she may change her mind several times so New York shopkeepers will have to guess along in laying in their stocks for the present.

"I didn't have a minute during the campaign to buy any clothes," Mrs. Harding said, discussing the state of her wardrobe, "but I'm going to make up for it now."

KILLS SELF AFTER ROWS WITH WIFE ON POLITICS

Graham, Va., Dec. 9.—James T. Perdue, a Norfolk and Western Railroad employe, killed himself yesterday because he and his wife disagreed over politics. Perdue was a Democrat and his wife a Republican.

The two, it is said, have frequently quarreled over the recent Presidential election, the difference ending in a tragedy yesterday afternoon. Pressing a revolver to his head, Perdue requested that he be buried by his lodge of the Norfolk and Western Carmen's Union.

MAD AVIATOR TERRORIZES FRENCH BY WILD SWOOPS

Paris, Dec. 9.—An "aviomaniac" appeared for the first time on record yesterday near Marseilles when the pilot of a chasse plane spent an hour in a grotesque manhunt over the farms in the vicinity.

His mania consisted of attempts to decapitate workers in the fields by descending abruptly. Nearly a hundred workers were prostrated during their exciting race for shelter.

At a military inquiry last night a strict secret was ordered for the pilot who is declared to have become suddenly insane in the air on account of the high speed of his machine.

Crews Seize Three Italian Warships And Join D'Annunzio Force at Fiume

Milan, Dec. 9.—Much excitement was caused here yesterday, when it was reported that two Italian destroyers, the Fratelli and Bronzetti, and the submarine chaser 68, which had formed part of the fleet blockading Fiume, had arrived unexpectedly in Fiume harbor, where the sailors pledged themselves as faithful to the d'Annunzio cause.

The officers, the report said, were found imprisoned aboard their vessels. The sailors said the officers had declared they would remain faithful to the Rome Government.

Five Men Go To Death At Sing Sing Tonight

Albany, N. Y., Dec. 9.—Five men will go to their deaths in the electric chair at Sing Sing tonight. They are James "Bull" Cassidy, Joseph Miland, Charles McLaughlin and Joseph Joseef, who killed Otto Fiela, Bronx subway ticket agent, and Howard Baker, convicted of the murder of William Lagreff, near Rochester. Although eleventh-hour appeals have been made all day today by relatives for the lives of the condemned men, Governor Smith has determined not to interfere again in the carrying out of the law. He declares that they have been given every protection that the law provides.

The four Bronx gunmen were originally sentenced to die January 8 last. Since then they have been given six reprieves as the result of court action and motions principally on the behalf of Cassidy on the ground that he was an imbecile and not responsible for his acts.

John Hulbert, the State executioner, will get $150 for each man, or $750, for his night's work tonight.

COUNCIL MEATS

Better Meats That Cost Less
No Waste · Always Tender
Ready-Cooked To Perfection

Pound for Pound Canned Meats are Cheaper

EVERY time you buy uncooked meat you pay for bone, fat and skin that you can't eat. This waste runs from one-sixth to one-half of the cost of the meat.

When a can of Council Meat reads "12 ounces," it means 12 ounces of prime solid meat, no bone, no fat, no waste—and the 12 ounces is the weight *after* it is cooked.

Every piece of meat packed in a Council Meat can is selected, fine, fresh meat. Council Meats are cooked and packed in big sanitary kitchens right out in the open farm country.

Don't spend a lot of unnecessary time in a hot kitchen over a hot stove. Buy your meat ready cooked and save yourself as well as your money.

There is a large assortment of Council Meats—they will provide breakfasts, dinners, luncheons, in wide variety—at a very little cost.

Council Corned Beef

for example

is made from choice cuts of lean Government Inspected Meats; mildly cured in salt pickle; neatly trimmed free of every bit of extra fat and bones—the fat and bones you pay for but do not use when you make your corned beef at home. Corned beef is a good wholesome body building food, and Council Corned Beef is the best you can get and costs less than when home made.

MOVIES

INGOMAR THEATER

"The Place of Honeymoons," which the Pioneer Film Corporation is showing at the Ingomar Theatre today, portrays through Miss Emily Stevens' artistry, a new meaning of affection and love.

Those who have been so fortunate as to have read "The Place of Honeymoons," the famous novel by Harold MacGrath, recognize many of the situations as being a part of their every day life.

RICHMOND THEATRE

"The Daughter Pays," a novel that created a sensation on two continents when it was first published, forms the plot of Elaine Hammerstein's latest Selznick picture, which is announced as the principal attraction at the Richmond Theatre today.

The adaptation of Mrs. Baillie Reynolds' story provides Miss Hammerstein with a role that allows full play for her remarkable capabilities as an emotional artiste. As the daughter who gives herself up to a loveless marriage in order to wipe out an ancient debt of her mother's, Miss Hammerstein is said to present a characterization that will immediately enlist the sympathies of the observer.

The Selznick forces have given the production a presentation which for lavish splendor and artistic settings is said not to be surpassed by any other production dealing with a modern theme.

LONDON UNEMPLOYED SEIZE ANOTHER PUBLIC BUILDING

London, Dec. 9.—A crowd of 500 unemployed men yesterday seized the public baths at Acton and established themselves there.

Public buildings in various parts of the city are now held by the unemployed who are not interfered with by the police or the local authorities. An orderly spirit prevails, but with the approach of cold weather the unemployment problem is growing more serious.

MARRIES HIS STEPDAUGHTER

Binghamton, N. Y., Dec. 9.—Robert C. Hayes, 85 years old, of this city, married his stepdaughter, Anna Mae Merritt, within five days after his wife's death as the result of her dying bequest when she gave her daughter as her husband's wife on condition that he marry her at once.

Anna Mae Merritt, who is 20 years old, was married three years ago to a soldier named Moore. A year later a child was born and following a separation a divorce was granted to the young wife.

The mother, when informed she was stricken with a fatal disease, called her husband to her bedside and told him her one great worry was what would become of her daughter and her grandson. She asked him to grant her last request and marry her daughter. He did so.

HARD COAL MINERS DENIED WAGE RAISE

Philadelphia, Dec. 9.—While willing to adjust any individual cases of injustice or inequality within the present agreement, representatives of the anthracite mine operators yesterday notified the mine workers that they were against granting any general additional wage increase or taking any action that would tend to reopen the award of the United States anthracite coal commission.

The attitude of the mine owners toward the demands for a $6 minimum day labor rate, and a universal eight hour day for the hard coal workers was made known late yesterday at an executive session of the joint subscale comittee of the anthracite miners and operators.

Pending the operators' formal answer, the miners' representatives will make a report on yesterday's reply at a special meeting of the mine workers' general scale committee next Saturday at Hazelton, Pa.

The mine owners took a firm stand, it was stated, against any blanket increase because of the present downward trend of prices and costs of living.

Representatives of the miners asserted that a $6 minimum day rate was necessary "to support an American family in comfort and decency."

One of the chief objections of the miners to the present agreement was that it had wiped out or modified a number of wages differentials on various classes of labor.

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and, positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 15c and 30c a box.

TAX AND TARIFF REVISION IS URGED

(Continued from page one)

sented today. In it Mr. Houston recommended the immediate revision of the tax laws but declared that $4,000,000,000 must be raised annually for the next four years at least.

Among the recommendations of the Treasury head which attracted the most attention was the one for an increase of 2 per cent. in the taxes on incomes below $5,000. The repeal of excess profits taxes, elimination of certain of the so called luxury taxes including the levy on drinks sold at soda fountains, and a readjustment of the rates in the higher groups of income taxes so as to make the maximum 20 per cent. also are proposed.

Republican leaders, while unwilling to discuss in detail Mr. Houston's recommendations in advance of a careful study, intimated that many of the changes proposed would not be enacted. They also made it clear that they did not agree with the estimates of governmental expenses as submitted, Mr. Fordney stating that a hasty study had convinced him that approximately $1,250,000,000 could be chopped out as unnecessary.

To meet the losses brought about by the changes he proposed Mr. Houston makes the following recommendations:

A tax of 20 per cent on corporation profits, distributed or undistributed, in addition to application of a higher surtax rate to yield $690,000,000.

An additional tax of 6 per cent on corporation incomes to yield $465,000,000.

Readjustment of surtax rates on incomes to yield an additional $230,000,000.

Abolishment of the $2,000 exemption allowed corporations on income to yield $58,000.

An increase from the present 4 per cent to 6 per cent in the tax on incomes of $5,000 or less and from 8 per cent to 12 per cent in the tax on incomes between $5,000 and $10,000 the whole estimated to yield $150,940,000 annually.

A tax of 2 cents a gallon on gasoline for motorcars and all other purposes, to yield $90,000,000.

A Federal license tax of 50 cents per horsepower on the use of motorcars, to yield $100,000,000.

An additional sales tax on automobiles (other than trucks and wagons) and motorcycle and motorcar accessories, to yield $100,000,000.

A 10 per cent additional tax on theatrical admissions, to yield $70,000,000.

An additional tax of $2 per thousand on cigarettes, to yield $70,000,000.

An additional tax of 25 cents per thousand on cigars, to yield $5,000,000.

An additional tax of 6 cents per pound on tobacco and snuff, to yield $8,000,000.

An additional tax of 5 per cent. on candy, to yield $20,000,000.

An additional tax of 7 per cent. on chewing gum, to yield $2,000,000

An additional tax of 7 per cent. on toilet soap and toilet soap powders, to yield $4,000,000.

A 10 per cent tax on the sale by manufacturers, producers or importers of perfumes, cosmetics and medicinal articles, in lieu of the present tax on the consumer, to yield $10,000,000.

An additional 5 per cent. tax on jewelry and precious metals, to yield $25,000,000.

An additional tax of 5 per cent on musical instruments, to yield $13,000,000.

An additional of 5 per cent. on motion-picture films, to yield $4,000,000.

SOVIETS PREPARE NEW WAR ON POLAND, REPORT SAY

Copenhagen, Dec. 9.—The soviets are preparing for a new and overwhelming attack on Poland, according to dispatches here from Russia. The Pravda says that all Russians up to the age of 36 and regardless of sex have been called to the colors.

The women are being mobilized as sanitary troops and as workers' battalions to take the places of the men who are being moved out of industry. Fifteen new divisions were found in the territory between Moscow and Vitelsk alone training for the new war.

Austria Facing Ruin, Foodless and a Bankrupt

London, Dec. 9.—Austria is about to go into bankruptcy, according to dispatches received in London last night.

The economic situation, says a Vienna dispatch to the Daily Express is worse than ever and, in fact, has become hopeless. The government funds have been exhausted and Austria is unable to purchase any food abroad.

The country, the correspondent adds, cannot "carry on" for more than two months longer."

State chancellor, Dr. Mayor, called a meeting for today of the representatives of the foreign powers as well as the members of the allied reparations commission here. In his call, the chancellor said he wished to explain the serious situation confronting Austria and to appeal to the other nations to save his country.

It is declared that if the powers do not take heed of Austria's plea, the entire cabinet will resign tomorrow and will ask the reparations commission to take over the administration of governmental affairs. This would be tantamount to admitted bankruptcy.

Doctor Left Gauze in Cut Woman Says; Gets $10,000

Chicago, Dec. 9.—On a complaint that a surgical sponge was left in her body after an operation for appendicitis, Mrs. Hulda Anderson, wife of a letter carrier, was awarded $10,000 damages by a jury in the Superior Court yesterday against Dr. Albert J. Ochsner, head of the medical staff of the Augustana Hospital.

Mrs. Anderson testified that Dr. Ochsner had operated on her in May, 1918, and that the wound failed to heal for seven months. She then consulted another surgeon, who, she said, removed 14 inches of gauze. Dr. Ochsner said that he had no way of telling whether he left the sponge in the wound.

"It is the duty of the nurse to count the sponges," he testified. "In this case I was told that all sponges were accounted for."

FIRING IN STREETS OF CORK; GENERAL HOLD-UP OF PEOPLE

London, Dec. 9.—A brief dispatch received from Cork late last night says there was a general hold up of the police in the streets of Cork by the auxiliary police yesterday evening. Firing was heard in various parts of the city.

A man leaving a church was shot dead. There was much alarm in the streets, which were quickly deserted

Auction Sale

Public sale of Holsteins at Rockridge Dairy Farm Wednesday, December 15 (rain or shine), on the far mof David N. Rust, Jr., located three miles east of Leesburg, Loudoun county, on the Washington Leesburg Pike and being on Goose Creek, ten minutes walk from Comber Station on the Washington and Old Dominion Railway. Car leaves Alexandria at 7:10 a. m., arriving at 8:30 o'clock. Will be met. Having decided to discontinue dairying I will offer at public auction on above date and place without reservation. My entire herd of milking Holsteins. 50 head, 16 head registered animals, 34 head high grade cows. The majority of these animals have been bred and developed right on the farm and were sired by such noted bulls as King of Butter Boy, King's Son and Soldiers Home Woodcrest Tehee. These cows are all young straight and sound and have never been forced in dairy, but simply run on blue grass pasture in summer and consumed the roughage on the farm in winter with little grain fed. Consequently they will respond immediately to heavy feeding. Some are fresh now milking well and quite a number due within thirty to sixty days. All bred to fine registered bull. The grades are well marked and will make a valuable addition to any herd. The pure breds carry some of the best blood of the breed. The cows have just passed the annual Federal test and health certificates can be issued for shipment to any state in the union. This herd is considered to be on one of the best in Northern Virginia.

Terms of sale. Three per cent off for cash or a nine months' note with satisfactory indorsement.

Lunch served on grounds.

David N. Rust, Jr. owner, 1100 H Street, Northwest, Washington, D. C.
